Cheap & Convenient Building. Door, Sash and Blind Factory, A. DUNBAR

HAS been very successful in completing several contracts for Door Frames, Doors, Window Frames and Sashes, and blinds, for good dwelling-houses and other buildings to be erected in this city, the coming season. He has excellent workmen in his employ, and has superior stock, so that he can now offer to supply to those about to build on a best style of Door Frames, Window Frames, Sash, and blinds made to any dimensions and of superior quality, either for a whole building or for a less quantity. The trouble and expense of building is very much lessened by having these articles made separately, so that the carpenters have only to put them in their place in the structure.

This business has now become so well systematized that only a small margin is left for knowing beforehand the cost of a dwelling house, which the work is of a uniform excellent quality.

Any who interested can examine specimens of the work at the factory, near the Rope Walk, or at the store of M. E. Rice, on Exchange st., and at either place any article may be obtained in large quantities or orders.

Mr. Dunbar is also prepared to furnish Window Blinds ready painted, and will long, from at the shortest notice.

By long experience, and by determined perseverance, the subscriber is now enabled to fulfil his engagements both in quantity and price, and so well organized in the business that those wanting should now think of building in the old and slow and imperfect methods.

TREVONT MILLS.

Teas, Coffees, Chocolates, Cocoas, Spices, &c.

WHOLESALE AND ALSO IN SMALL PACKAGES.

E. E. DYER & CO., (Sign of the Chinaman grinding Coffee,) 141 WASHINGTON STREET, BOSTON.

Supply the best, finest and purest articles, at the lowest Cash prices. Their Stock consists of

Teas, Coffees, Chocolates, All spices, Pepper, Mustard, Ginger, Cayenne Pepper, Nutmegs, Cinnamon, Cloves, Cream Tartar, Saleratus, Prepared Dandelion, Root, &c.

Having every facility for manufacturing and preparing the several articles named, the public may rely on having them pure and genuine, as they are put up here fully, and bear our name and label, "TREVONT MILLS E. E. DYER & CO." To give consumers some idea of our assortment, we choose the following select prices, viz:

lb. Souchong Tea, 1,50 lb. Mocha Coffee, 1,00
lb. Oolong Tea, 1,25 lb. Java Coffee, 60
lb. Y. Hyson Tea, 1,25 lb. Rio Coffee, 100

The Spices are put up in 1, 2 and 4 lb. tin cans, expressly for family use, and are warranted to be strictly a pure article, and only need a trial to establish them in public favor.

SPANISH COFFEE.—We would call the attention of consumers and dealers to our Spanish Coffee, upon which is highly esteemed, and gives Coffee rate satisfaction. It is prepared with particular care, and by a peculiar process from a fine, blue pea of this office, it is believed is equal to 14 lbs of any other.

DANDELION COFFEE.—This article is carefully prepared at our mills, and put up in packages bearing our trade mark, and may be relied upon as the best and most approved mixture of dandelion and coffee.

TARAXACUM, or Prepared Dandelion Root. This article is prepared and roasted at our Mills, and is relied by Family Grocers generally in city and country, and bearing our trade mark, "Chinaman grinding coffee," may be relied upon as the genuine article. The proportion used is about one half the quantity of coffee. The price is 20 cents per pound, and it is warranted to be the same as that which has been sold for fifty cents a pound by druggists.

The medical properties of Dandelion are well known, and held in high estimation by all who use it. The bitter principle, and other medicinal virtues retained, can be mixed with chicory not as best suits the taste, and will be found cheaper and economical as a family beverage, one pound of which being nearly equal to two pounds of coffee. It is prescribed by many eminent physicians, to invalids, children and aged persons, as a nutritious beverage, and as a remedy for Dyspepsia, Diseases Affections, &c.

Be careful to observe that all our Coffee have our trade mark, "Chinaman grinding coffee."

To Grocers and Druggists, we have the capacity and disposition, enabling them to supply their customers at the same low rates.

TO CASH PURCHASERS.—Our object being to secure large sales at small profits, we offer inducements which cannot be afforded by those who do business on the credit system; and we confidently invite an examination of the quality of our articles and our prices, as compared with those of other houses.

IMPORTANT NOTICE.

GARDNER CHILSON has just completed and patented in America, England, and France, his new invention—THE CONE FURNACE—and asks the special attention of those about erecting or remodeling buildings, as well as dealers in Hot Air, Steam or Hot Water Furnaces, and all interested in Steam Power, to carefully examine this invention, which entirely changes the principle and character of Hot Air Furnaces, bearing another and a new principle, and obviating all former objections to their use. The practical operations of a number of these Furnaces erected during the past winter, points out a new discovery in science by which the most wonderful economy in fuel is to be secured, and clearly demonstrates that the whole heat lost from chimneys is enough to warm every dwelling in the city. By this invention, the heat formerly lost is made to warm the houses.

This discovery—simple in itself—is the daily wonder of those who witness its results, and is becoming a matter of surprise that a principle so simple and so practical in its operation, should thus long have escaped the notice of scientific men. We believe that no one who investigates this principle will be liable to use a Furnace constructed on any other principle, and we invite all who are intending to put in a Furnace to call and examine them at my store before deciding.

LINCOLN'S WATER PROOF BLACKING, AND LEATHER PRESERVATIVE!

Keep your Feet dry, and you will seldom need a Physician.

Is not a trifle that when the feet are often wet it is one of the greatest causes of colds and consumption? It is a fact that when leather is often wet and dried, it soon becomes hard, stiff, and cracks; but when it is water-proof this is remedied. By the application of this preservative, it remains soft, and entirely impervious to water.

After being engaged for 25 years in the manufacture of Leather in all its branches, and being often troubled with wet feet myself, I was led to experimenting for different compositions, and found it easy to make it water-proof, but at the same time extremely injurious to the leather. At last by a chemical process, I discovered a preparation which perfectly harmonizes with the astringent properties of the leather which is tanned. It will not only make leather water-proof, but it likewise softens the leather, and it will

Positively wear twice as long.

I have now used it for three years, and a large part of that time have worked in a wet tannery, with my boots constantly in water, and have not had my feet wet during that time. I can therefore in full confidence, recommend it to the public as the best article in the market.

Singer's Sewing Machines.

THESE celebrated machines are in practical and profitable use in all parts of the civilized world. In all the various trades, and in sewing every sort of fabric, either of cloth or leather they have been fully tried and approved. Sewing machines of other manufactures often sell to work, but SINGER'S MACHINES ALWAYS OPERATE PERFECTLY, being strong, durable, and complete in contrivance and workmanship. A perfect Sewing Machine kept employed affords a clear profit of $100 a year, but an imperfect one is a cause of constant vexation and loss. This unreliability of our machines is one great reason for their unparalleled popularity.

MACHINES FOR FAMILY SEWING, of a fair and delicate consistence, are recommended by other manufactures. Such machines are made to catch the eye, but to perform substantial work. The truth is, family sewing machines ought to be stronger than any other, because they go into less skillful hands than when sold to manufacturers, and are used for a greater variety of work. The machines which have proved best for all other purposes must be best for family use, and they are Singer's. The speed of our machines has lately been doubled. No other can compare with them in quantity of work.

New machines, of the latest improved style will be exchanged on liberal terms for old sewing machines, of no own make, or for operative machines of other manufacturers. Local agents wanted to sell our machines.

N. B.—All persons desiring full information about sewing machines, can obtain it by applying for a copy of "I. M. Singer & Co's Gazette," a paper devoted entirely to the subject. It will be sent gratis. I. M. SINGER & CO.

THE subscribers have the pleasure of announcing to the citizens of Bangor and vicinity, that they have recently opened a new and spacious suite of Rooms in the city for making Ambrotypes.

National Republican Nominations.

FOR PRESIDENT,

J. C. FREMONT,

OF CALIFORNIA.

FOR VICE PRESIDENT,

WILLIAM L. DAYTON,

OF NEW JERSEY.

FOR ELECTORS,

NOAH SMITH, Jr., of Saldo.
SIDNEY PERHAM, of Woodstock.
KNOTT CROCKETT, of Rockland.
MOSES H. PIKE, of Skowhegan.
JAMES MORTON, of Buxton.
EDWARD SWAN, of Gardiner.
AARON F. EMERSON, of Orland.
ISAAC GROSS, of Turner.

LET THE STRAIGHT WHIG REMEMBER.

That the Bangor Journal, while keeping a list of "Whig nominations" for Electors in its columns, is REALLY IN FAVOR OF JAMES BUCHANAN FOR THE PRESIDENCY, although it refuses to put up his name.

KEEP IT BEFORE THE PEOPLE THAT NO ONE BORDER RUFFIAN—NO ONE PRO-SLAVERY MAN—HAS BEEN PUNISHED IN KANSAS FOR CRIMES COMMITTED AGAINST FREE STATE MEN, WHILE THE JAIL AT LECOMPTON IS FULL OF FREE STATE VICTIMS ARRESTED BY ORDER OF GOV. GEARY.

Keep it Before the People!

KEEP IT BEFORE THE PEOPLE that "honest democracy," through their leading Southern organs, declares their purpose to EXTEND SLAVERY INTO THE TERRITORIES NOW FREE, "and declare the course they ought to do so under the Constitution."

KEEP IT BEFORE THE PEOPLE that the Southern "national democracy" now claim that THE PRINCIPLE OF SLAVERY IS TOTAL, MORAL, and necessary, and DOES NOT DEPEND UPON DIFFERENCE OF COMPLEXION."

KEEP IT BEFORE THE PEOPLE that the Cincinnati platform denies *the right of Congress to prohibit slavery extension in the Free Territories of the North.*

KEEP IT BEFORE THE PEOPLE that James Buchanan says *The citizens of a Territory have* NO POWER WHATEVER *to legislate upon the subject of slavery except when it is applied to form a State Constitution*, and that, as a necessary consequence, *slavery has* THE RIGHT *to go in all our territory, where it has* THE POWER *to go.*

KEEP IT BEFORE THE PEOPLE that James Buchanan is pledged to the platform of the Cincinnati platform and approves of the PRESENT ADMINISTRATION which has approved the Lecompton Slavery scheme for the Territory of Kansas, and is labouring to make Kansas a SLAVE STATE.

KEEP IT BEFORE THE PEOPLE that *to vote for* John Buchanan, is to vote that no PRESIDENT SHALL EVER RESIDE IN THE WHITE HOUSE, and no FREE FARMER shall go into Kansas with the full enjoyment of his rights.

KEEP IT BEFORE THE PEOPLE that to vote for JOHN C. FREMONT, is to vote for one of the People for the sake of ALL OF THE PEOPLE.

Every Republican to the Polls!

What County will throw the Biggest Vote for Fremont?

Old Penobscot was the banner county in September—giving Hannibal Hamlin EXTRA THREE HUNDRED AND FOURTEEN votes.

Cumberland came next, with 8267. Lincoln, Kennebec, 7523.

Let the Freemen of Penobscot cast every vote again in November for Freedom and Fremont—and challenge Cumberland to beat her.

An interesting fact may be stated, as showing the gratifying interest taken by the people of this State, and of this county in particular, in the elections of the year, as compared with the Presidential election four years ago. In 1852 the total vote of the county of Penobscot at the Presidential election was 8040.—viz: for Pierce 4513, for Scott 3132, for Hale 1216. This year, at the September election, the vote for *Hamlin* alone was 8314; and the total vote 13,803. The contest is now one of *principle*—the Republican party is contending for a more vital and glorious cause than any political party ever battled for in this Union—and it brings out, as it should, a full vote of the *people*.

The vote of Tuesday next in this Union, is to determine whether that glorious cause shall now be triumphant, and the question of the preeminence of freedom and true Republicanism be definitely settled—or whether another four years campaign is to be fought before victory is won, or, those who would change our Republican government to a pro-slavery oligarchy.

Let the people of Penobscot and of Maine do their part towards a victory on Tuesday, by BRINGING EVERY FRIEND OF FREEDOM TO THE POLLS.

Look out for the Last Batch of Falsehoods!

From the Buchanan organs—as their slanderous will be exposed, falser of the Brady's guns were with grape.

BOTTLES OF BLOOD! The lie in the last Bangor Journal about Horace Greeley sending a bottle of blood through the western States, is too silly for any decent man to be deceived by. The Journal of Saturday was almost as false and indecent in its political paragraphs, as it was previous to the last election.

What is necessary to "Safety" in Kansas.

A gentleman of this city recently received a letter from a personal friend lately from Kansas of which the following is an extract:

"If you are out of business, and wish to make a profitable winter's work, you had better go out to Kansas with me. I will secure your *safety*, as I AM ACQUAINTED WITH THE LEADING MEN OF THE PRO-SLAVERY PARTY."

The paragraph is a significant one. The inference is plain, that no freeman from a Northern State who goes into Kansas, can be for a moment assured even of personal safety, *unless he can make influence with the pro-slavery men who rule the Territory.* The paragraph contains volumes in acknowledgment of the fact that freedom has been utterly subjugated in Kansas, and that, too by the wrongful action of the democratic party in permitting its invasion by hordes of armed ruffians from the Slave States, who have with brutal violence and bloodshed trampled down the rights which the people of the free States have of unobstructed emigration to the Territories of the Union.

Republican Caucus.

At a Republican Caucus held on Saturday evening Nov. 1, to nominate a candidate for City Representative in place of Thomas N. Egery, declined, Wm. P. Wingate was chosen chairman, and O. H. Ingalls Secretary.

The Convention then proceeded to ballot for a candidate as aforesaid, and the whole number of ballots was found to be 438, of which Samuel P. Strickland had 430, and it was declared duly nominated.

Gen. Strickland being present accepted the nomination with the following remarks:

Mr. Chairman and Fellow-Citizens:

I thank you for this manifestation of your confidence in me. When I see around me so many, even more capable than myself to represent you in the Legislature, when it is true that Bangor has not been behind any town or city in the State, in the great cause of Freedom and humanity, I cannot but feel proud of the honor of representing the Republicans of Bangor in the next Legislature.

As I said I have no future political aspirations, I shall endeavor to do it, if elected, honestly, *conservatively*, and I hope for the best interest of our city and State.

Benj. F. Madgett, Esq., then offered the following resolve which was unanimously adopted:

Resolved, That Gen. Samuel P. Strickland our nominee for Representative, by his undeviating devotion to the cause of Freedom, by his ability and integrity is entitled to and should receive the united suffrages of the Republicans of Bangor.

After remarks from several gentlemen the caucus adjourned.

WM. P. WINGATE, Chairman.
O. H. INGALLS, Secretary.

Comfort for the Journal.

MR. EDITOR: I have had the honor lately to receive the following letter which speaks for itself. I will thank you to publish the whole or portions of it as you may have room, for the benefit of my clerical fellow-sinners, in order the gratification of the Bangor Journal—the writer, it will be perceived, goes to the Journal for his knowledge of current events in Bangor, and for his evangelical pap. He doubtless will have told us true. There is, in the document, internal evidence ample enough to show of what trough the creature feeds. Sir "Toleration" will feel complimented, of course, and can hardly say which, to discover how his thunder is stolen, especially the piety—that delight the overfed for a pure Gospel and Golden Rule. We commend to the Journal on the accession of an intelligent and "christian" ally.

L.

BOSTON, Oct. 1856.

Rev. Mr. L.—

DEAR SIR: I see by the Bangor Journal you Preachers are the manly Political Scarecrows the clergy have been. Preaching from the first foundation of our government to the present against the Opposition to tyranny and in Liberty principles which are for the Interest of the hole People while the Fremonters you and the rest are for the Sectional party. I am surprised to See the energy in these Political days dealing the sacred desk by denouncing men who Stands in point of Interest and Christianity above you as you do above the most vilest convict in our state Prison—yet teachers of the Gospel—Shame on such Hipocrites as teachers of the Gospel may you live to see the evil of your Ways and repent and Preach Christ and him Crucified and leave Politicks for others who are better Judges that those calls them So. In this course you did many other of your Stamp would like to have Old Laws once existed to compell the People to contribute to the clergy if they refused to do so to imprison them—I see the number of church members in the U. S. is less know than 8 years ago by thousands. What is the cause it is because the Clergy have forgot their calling and fallen in morals below the worlds People—I would advise you as well as all other clergy to Preach christ and let alone the wicked Practices of degrading other Men who do not agree with you and remember the Golden Rule do to others as you would have others do unto you, charity above all things Charity without Charity you have not the spirit of Christ—I ask you to reflect on your course and ask yourself if by this course of ridiculing your hearers that do not agree with you in Politicks is a christian course I do not wish to judge you but will Say in the Language of the Bible We behold those that has not not on the wedding Garment Ponder for yourself and examine yourself and see what manner of man you am and see if you can Justify your self in such a course of Preaching if so I must say Lord have mercy on you and lead you to repentance and not say as one did in Olden times I thank God I am not as other men are.

I think the best christian is one who fears God and walks humbly before his God speaks evil of none. (I have nothing to say about either candidate leave it to the voters On the 4th of Nov to express their opinion) as a Christian.

Am. Bd. of Commissioners for Foreign Affairs.

NEWARK, N. J., Oct. 23, 1856.

The forty-seventh annual meeting of this Board of Foreign Missions was opened this afternoon at 4 o'clock, in the First Presbyterian Church in this city (Dr. Stearns). Hon. Theodore Freylinghusen in the chair. Prayer was offered by Dr. Magie of Elizabethtown, N. J. The Minutes of the Board at the annual meeting in Utica, and the special meeting at Albany, March 4, were read by Dr. Worcester, Recording Secretary. Rev. Mr. Pettengill was chosen Assistant Recording Secretary, who received and called the names of members of the Board.

Rev. Drs. Stearns, Howland, Scott, and Revs. D. W. Poor and Wood were chosen as Committee of Arrangements.

James M. Gordon, Esq., of Boston, Treasurer, read his annual Report. The Receipts of the Board were $307 318; and the Expenditures $323,000. The deficit, added to the debt of last year $20,507, makes the present indebtedness of the Board 336,189.

Dr. Pomroy read a portion of the report of the Prudential Committee on the Home Department. Six corporate members of the Board have died during the year. Hon. Levi Cutler, Rev. Dr. Cummings from Maine. Seven Missionaries and Assistants have died. Forty-six laborers have been sent to the field. In no year previous have their been more ordained missionaries sent out.

The Board adjourned to 7½ o'clock.

EVENING.

Hundreds were unable to find seats, or standing room, at the hour for meeting. All had previously been occupied. The choir sung appropriately and well. Great was the company of preachers. Prayer was offered by Rev. Dr. Tappan of Maine. Rev. Dr. Bethune preached the annual sermon—from Timothy 1: 16. An eloquent and able discourse, on the Gospel the only remedy for sin. Prayer was offered by Dr. Todd of Pittsfield,—and Benediction by Dr. Winslow of the Madras Mission.

WEDNESDAY MORNING.

Devotional exercises were conducted by Dr. Dwight of Portland. Secretaries Anderson and Wood continued the reading of the Prudential Committee's Report.

On motion, of Chief Justice Williams of Conn., the several parts of the annual report were referred to committees.

On Treasurer's Report Chancellor Walworth is Chairman.

On Business, S. H. Perkins, Esq.

On New Members, Chief Justice Williams.

On Place and Preacher of next Meeting, Dr. Shepard.

On Co'ny on Missions, Dr. Hopkins.

On Madura Mission, Dr. Asa D. Smith.

On Home Department, Dr. Griffin.

P. Perill Esq. made a report on provision for super-annuated and disabled missionaries, and respecting children of missionaries. It recommends a special fund to be formed.

Dr. Benson of Troy and Dr. Schneider, Missionary from ——, made brief addresses.

At 11 o'clock, Dr. Benson, Chairman of the Committee of Thirteen appointed at the special meeting of the Board at Albany, March 4, to consider the subject of the plan of conducting Missionary efforts in India, commenced reading their report. It occupied all the time, except an hour and a half recess from 1 to 2½ o'clock; until the adjournment in the afternoon at half past five. As it is one of the most important subjects to be presented at this meeting of the Board, it excited much interest.

The committee held five meetings, and spent fourteen days in laborious sessions, reading letters, hearing statements, &c. The communications which they received would cover more than 2500 pages of manuscript. As the result of their deliberations, they embodied them in the following Resolutions:

ON THE ECCLESIASTICAL QUESTION.

Whereas the Am. Bd. C. F. M. is not an ecclesiastical body—

Resolved, That it can neither exercise nor confer any ecclesiastical power.

Resolved, That the appropriate sphere of a mission, established by this Board, and regarded simply as such, is to decide upon the places where labor shall be performed, the persons and instrumentalities to be employed, and to distribute funds.

Resolved, That on the whole subject of ecclesiastical relations and organizations, the principle of the Board is, that of entire non-intervention on the part of the Board, and its officers; that missionaries are free to connect themselves with such ecclesiastical bodies or churches as they may choose, either on missionary ground, or in the country; and that in organizing churches, provided the principles held in common by the constituencies of this Board be not violated, the persons to be organized are free to adopt such forms of organization as they may prefer.

The committee recommend that two members of the Prudential committee be annually elected from the Presbyterian, and one from the Reformed Dutch Church—it being understood that a quorum for the transaction of business be, as heretofore, a majority of the members resident in Boston and vicinity.

On the subject of Deputations, the committee embody their views in the following resolution:

Resolved, That in the judgment of the committee, it is proper, and may be desirable, to send Deputations to the various missionary stations, for the purpose of obtaining information in regard to them; but that it would be inexpedient for such Deputation to have power to originate and make important changes in mission policy, without the express authority of the Prudential Committee.

On the subject of Oral Preaching and Education, the report:

Resolved, That the oral utterance of the gospel, in public and in private, is the chief instrumentality for the conversion of the world.

Resolved, That Education and the press are to be employed as auxiliary agencies, in forms and methods, and in a relative proportion to the chief instrumentality, to be determined by the circumstances of each particular mission.

Resolved, That the committee are glad to know that the Benares Seminary has been only temporarily closed, and that they trust that it may soon be re-opened on such a plan as may accord with the views of the mission, and with the principles of the preceding resolutions.

There will be seen that Dr. Anderson and party—

Rev. Mr. Thompson, the Deputation to India, are sustained in the views they entertained.

In addition to the meeting this evening in the First Church, a meeting is to be held in the First Reformed Dutch Church, at which Chancellor Walworth of Albany, will preside. Addresses by Hon. W. J. Hubbard of Boston, Drs. Smith and Thompson of New York. Dr. Forsyth of Newburg, and Dr. Taylor of Bergen to conduct Devotional Exercises.

REPUBLICAN NOMINATION FOR REPRESENTATIVE. At the Republican Caucus on Saturday evening, Gen. SAMUEL P. STRICKLAND was unanimously nominated as a candidate for City Representative, in place of Thomas N. Egery, Esq., declined. Gen. Strickland is well known as a liberal, generous-hearted and enterprising citizen. He is thoroughly acquainted with the business interests of the city and will be prompt, vigilant and active in promoting those interests.

REPUBLICAN MEETING IN BREWER. Geo. M. Weston, Esq., will address the Republicans of Brewer, at the Town House in that town, this MONDAY EVENING, at 7 o'clock.

The Republicans of Indiana are not only seriously engaged in contesting the late election, but are also taking measures to prevent a repetition of fraudulent voting at the coming election. If they succeed in this, the public may expect to see a different result on the 4th of November.

THE ESTATE OF COL. BLACK OF ELLSWORTH. We learn that the estate of John Black, Esq., of Ellsworth recently deceased by his last will and testament was devised in trust to E. L. Hamlin, Esq., of this city, Thomas Robinson and George A. Black of Ellsworth, and who are also executors of the will.

The following legacies are directed to be paid by the Trustees:

To his widow,	$60,000
Perkins Institute for the Blind,	6,000
Maine Insane Hospital at Augusta for a Library,	3,000
Mrs. Nelson,	6,000
Mary P. Child,	2,000
Two Sisters of Col. Black,	6,000
Eleanor Hodges,	2,000
Trustees of the Estate,	3,000
Total	$75,000

The remainder of the Estate to be divided among his eight children, giving some preference to two children.

He leaves probably the largest estate ever left by any person in the State east of Portland.

The Minnesota Territorial election appears to have resulted very favorably for the Republicans, according to returns in part published by the Minnesota Times, for a copy of which we are indebted to a friend. The Republican party has been but recently organized in that Territory, which has heretofore been strongly democratic. Minnesota will come in as a Republican State.

INDEPENDENT COURSE OF LECTURES.—We call attention to the advertisement of an Independent Course of Lectures at Norombega Hall, to commence Nov. 11th, with a Lecture from that celebrated advocate of Temperance, John B. Gough, whom every citizen will of course desire to hear. The other Lectures, already engaged in the Course, are of the very highest order of talent, as will be seen by the advertisement.

GREAT TRIUMPH OF ART.—The exhibition of the "Trial of Our Saviour," will remain all this week at Johnston's Hall, as will be seen by advertisement. We hear several Schools visited it on Saturday.

A throng of people came over the Y. & C. Railroad, yesterday, to witness this thrilling exhibition. The fame of this great work of art is extending into the country.—*Portland Advertiser.*

Supreme Judicial Court—Cutting, J.—Saturday, without completing the case of Crocker & Buck, on trial, the Court adjourned over to Wednesday.

A vote was taken in a railroad car in the following manner: A Buchanan man arose from his seat, and called on all who were in favor of Fremont to "pull their boots off." No one appearing to support in this novel manner, the claims of the great Pathfinder, he requested those favorable to Buchanan to keep their boots on," which all the passengers proceeded forthwith to do. "Unanimous for Buchanan!"

Sch. Kalos, Mathews, of Eastport, from St. Martins, with salt, left Hampton roads on the 13th, and the 15th went ashore in a gale. She has since struck.—The Captain's child, his wife's brother (Murphy) and three of the crew were lost. Captain M. and wife were saved after being lashed to the rigging 12 hours.—The vessel was insured in part.

The Appeal.

Arise! Come brave the Sea williams, Love;
Oh, brothers, brothers, wake!
Oh, be not more mistaken!
The whole North land is shaken
By shouts of Liberty!
Yet who are men enslaving,
What souls are idle raving?
And who despite fawning,
Will ye not hear the warning
The looked for morn is dawning
Of Freedom's jubilee!

Arouse ye from your dreaming!
From the 'st East the gleaming
Over all the land is streaming,
Inspiring every breast!
The call of patriot voices
The heavy heart rejoices,
And rouses the drooping
With the ghost of generous daring
But is the coward scaring
Back to his lethargic nest.

Oh, make ye not a foeman,
Of you brave Northern yeoman,
He turns the back to roman
When striving for the right.
He loves his noble nation
Better than gilded station
A common country sharing,
A common glory wearing,
A common burthen bearing,
We're brothers in the fight.

See! see! where mustering others in
On all the Western prairies,
Of earnest men whose caters,
That free men shall be free!
Think not with those to trifle!
Think not the price to stifle,
North, East and West united,
Each to each other plighted,
Are not by threats benighted,
Pierce say your threatnings be.

Ah! when the orphan's crying
On the swift West wind flying,
In the midnight wind sighing,
Tells them of kindred slain—
Tells them of butchered brothers,
Tells them of widowed mothers,
Whose shrieks of woe appalling,
Upon the senses falling,
For quick relief are calling,
With maddening refrain;

Oh! think ye not to stay them,
By bonds ye cannot sway them,
Or, by your threats, delay them,
Thus bound from the grave!
Oh, brothers, brothers, wake!
The whole North land is shaken!
Soon will the millions rally,
And, armed for victory, sally
From every hill and valley,
Their liberties to save!

HON. CHARLES SUMNER.—The Transcript of Thursday evening says:

We are happy to be able to announce that Senator Charles Sumner, will soon be with us. The following despatch was received from him yesterday:

"Contrary to the advice of my physician, I hope to be able to come home to vote."

A committee have gone to Philadelphia to confer with Mr. Sumner, and if he is able to have a reception they will announce their arrangements to-morrow morning.

We are permitted to publish the following extract from a letter of Dr. Wister, of Philadelphia, (Mr. Sumner's physician,) to Dr. S. M. Perry:

"His bodily health is steadily improving, but any excitement or over exertion is followed by sleeplessness, nights and a recurrence of morbid feeling in the head."

His physician thinks he will ultimately recover from this if he is quiet. He comes home to cast his vote next Tuesday.

SAD ACCIDENT AT EAST PITTSFIELD.—On Saturday night last a Mr. Ham, while swing shingles in Hathorn's mill at Pittsfield, lost his hand saw! cutively off, and the wri, mangled in the most horrible manner. Dr. Monson of Pittsfield and Benson of Newport were early in attendance; they amputated and dressed the arm, and at the last accounts the patient was as comfortable as could be expected.

TRAGIC AFFAIR.—The Swedish papers relate a strange occurrence: "As the inhabitants of Tegelsund the neighboring villages in the province of Western Kotten were assembled in the village for on the 20th of Sept), they were surprised to see a large knife, very sharply pointed, fall close to a young man, named Lindomann, who was about to take part in dance. At the same moment three other similar knives fell one after the other, and wounded him in the hand, the back, and the abdomen, and then came one which struck him in the heart, and he fell dead. It could not be discovered who had thrown the knives, but the police, knowing that a peasant named Sibquist, bore great animosity to deceased on account of his having been preferred by a young woman named Abliquist, to whom they had both paid their addresses, sought after him and after two days search, arrested him in the midst of a band of gipsies, in a forest, dressed as one of them. On being searched eleven knives similar to those thrown at Lindmann were discovered, and it was ascertained that the gipsies had taught him to throw knives with such precision as to cause them to fall exactly at a given point. He is to be brought to trial. The young woman Abliquist was so affected at the tragical affair that she drowned herself."

SAD AND FATAL RAILROAD ACCIDENT.—A Boston Merchant. About 20 minutes past 5 o'clock last evening, near the Waltham depot, Luther Brooks, President in Weston, but late of the firm of Moses Hunt & Co. of this city, while attempting to cross the railroad, track was run over by the Fitchburg train from Boston, and instantly killed. The body was horribly mutilated.

At the time of this accident, Mr. Brooks was walking from Porter's in Cambridge, to the Waltham depot, and, when within about ten rods of that point, noticing that the train was approaching from behind, in momentary confusion, he stepped from the track, where he should have remained, and in attempting to cross that track while the train was approaching, was run over and killed in the manner described.—*Boston Journal.*

Mrs. Robinson, the talented and high spirited wife of Gov. Robinson of the Free State Government in Kansas, has written a number of the correspondence and observation. It is said by those who have seen the advance sheets, to be an uncommonly vivid picture of all the most startling incidents in Kansas. It promises to make a great sensation, and as it is written by a lady, and a lady politician, it may be relied on for its fidelity.

TELEGRAPHIC

FROM THIS DAILY WHIG AND COURIER

Large Fremont Meeting at Boston.

[Boston, Nov. 1.

There was a large Fremont and Dayton meeting at Faneuil Hall this evening, presided over by John P. Putnam. Several eloquent speeches were made and great enthusiasm manifested. Hon. Charles Sumner, under date of Oct. 29th, regrets he can not be present and take part in the meeting. In accordance with his injunction, but declares his intention to be present on Tuesday and vote for Freemont. He says, "Especially shall I vote for Dodge (Dodge) and I shall do this, not merely because I think him worthy of honor and confidence, his generous nature, intrepidity and eloquence, but because I have at heart the welfare of my country. Boston should sustain Bur ingame, not merely for his sake, but for her own sake; not merely to do him honor, but to save herself from dishonor; not merely from loyal pride, but to strengthen liberty and to serve the whole Republic, now endangered, like the criminal audacity, and from authority sent by.

Fremont Meeting at Philadelphia

[Philadelphia, Nov. 1st.

Hon. Kenneth Raynor, of North Carolina, addressed a large meeting of the friends of Freemont, in Independence Quarters, last evening, and strongly advocated the support by the American party in Pennsylvania of the Union Electoral Ticket, in order to defeat Buchanan. The meeting closed with hearty cheers for the Union Ticket.

Steamers Sailed from New York.

[New York, Nov. 1.

The Hamburg steamer Barcelona sailed this afternoon for Hamburg and the French steamer Pyrenees for Havre. The latter took out 142,000 in specie, and two former $25,000. The steamer Bremen sailed to-day for South Hampton and Bremen; she takes out 77 passengers and upwards of $200,000 in specie.

From Kansas.

[Chicago, Nov. 1.

The Free State prisoners of Lecompton have published an address to the American people, in which they state that they are confined in a small Kansas prison, with two cannons in front of it, and guarded by militia recently enlisted, and that they are unable to procure medical assistance or sufficient food and clothing. Mr. Oswald, a free State man from St. Charles, Missouri, has died since his arrest, and it is feared that several others can survive but a few days, unless immediately relieved. The address is signed by 81 of the prisoners, formerly belonging to Rhode Island, Massachusetts, New York, Pennsylvania, Ohio, Illinois, Wisconsin and Iowa.

Severe Gale.

[Buffalo, Nov. 1.

The heavy gale of last night caused nearly all the vessels which left here yesterday to return. The steamer Plymouth Rock, which left last evening on her last trip to Detroit, met with severe weather in the gale and was obliged to put back. On entering the harbor this morning, she parted her wheel chains and swung across the channel, and was with great difficulty extricated from her perilous position without serious damage. The steamers Western World and Mississippi, which left here the first part of this week, lay under Long Point and bound until yesterday afternoon, when they proceeded to Detroit.

BAD CASE. A western editor says: "Horse Sickness is to spook to some of the grizzly mechanics" of Illinois. "Small fitted tailors, who are hardly fit for association with Southern gentlemen's body servant," are expected to be present."

Have now been published and sold. Notwithstanding the number of new collections yearly issued, the New Carmina still has the supremacy, and wherever the best music is heard, there this work is found. The style of its music is particularly adapted to the service of Congregational singing, while it contains much of the higher order, its dignified, devotional character is correct, but not complicated or pretentious; and its perfect adaptation to the uses of the Church, render it the most important sacred book that has yet appeared. The new sentiments and exercises for the Sabbath-school are highly valued. It should be remembered that the popular tune book, Carmina Sacra is selected from all Dr. Mason's best works. Indian Medical Society.

At a meeting of the Society, held in Boston, October 1, 1856, the following officers were chosen:

Rev. Reuben Gleason, Boston, President.

Benjamin Gleason, M. D., Boston, Vice President.

John Sutton, Esq., Boston, Secretary.

Wm. M. Tilden, Esq., Boston, Treasurer.

The following resolutions were unanimously accepted:

Resolved, That in associating ourselves together to extend and perpetuate the Indian system of medicine upon eclectic principles, we are conferring a favor upon the afflicted, and advancing the cause of rational medicine.

Resolved, That we have had ocular demonstration that Dr. Greene's treatment has cured hundreds of cases of Cancers after they were acknowledged incurable by other physicians, and that the fruits of this practice for the last ten years conclusively prove that Cancers, Scrofula, Humors of the blood, and various other diseases which have found no remedy in the labyrinths of the old systems of medicine, are permanently cured by a judicious use of Nature's Remedies, in science and skillful handes.

Resolved, That we will not patronize ignorant pretenders, or quackery in any form, or receive as physicians into this society, any persons who have not received a medical education.

Resolved, That we recommend the continued publication of the newspaper entitled "Nature's Arcanum," and that an extra copy containing references to cases cured in different parts of the country be furnished gratuitously to any person calling at the office, or ordering the same by mail, enclosing a post office stamp, addressing Dr. R. Greene, 36 Bromfield street, Boston.

FOR

Family, Travelling, and others.

THESE Medicines have been carefully prepared, with a view of supplying families and others with *Specific Remedies* against all the more common diseases which occur in every day life. Almost includes not only remedies for all the more common diseases, such as Coughs, Colds, Headaches, Derangements of the Stomach, Fever, Worm Complaints, Diarrhœa, &c., but also for those more sudden and violent diseases which require to be not on the spur of the moment, such as Cramp, Cholera, Dysentery, Inflammation, &c., for whose treatment it is very important always to have the proper remedies at hand. There are also remedies for those more delicate Female derangements which a lady finds it so difficult to disclose, but yet so desirous of freedom from which contributes so much to the happiness and enjoyment of life.

These Medicines are prepared in the form of large Sugar Pellets, one of which is sufficient for the largest dose, and put up in boxes properly labelled. Each box contains 30 or 40 Pellets, and 16 boxes, for the different kinds, are enclosed in a case, accompanied with a small Manual of Book of Directions, giving a concise description of the diseases treated, and directions for giving the medicines, that also, where necessary for a cure. Cases, also, containing four or six of the small boxes, are put up, which may be supplied with any of the different kinds at the option of the purchaser.

The advantages of Specific Homœopathic Medicines—In preferring other Homœopathic Medicines in dose or twenty will be recommended for a cough, a headache, diarrhœa, or fever, and much care, study, and discrimination is required to select the proper one. But here you have a Specific Remedy for each particular disease, and hence are able to use them with benefit and precision without that labor and study which the business man is so ill able to bestow, and without that research and examination which, to the mother, nurse, or invalid, is so perplexing, annoying, and distasteful. The advantages are so obvious as to commend them to all.

Prepared by Dr. F. HUMPHREY, Auburn, N. Y., and sold by C. B. WALKER, Agent for Maine, at 34 Main street.

It is gratifying to the proprietor of these medicines to be able to state that it is now nearly three years since they were first introduced, during which time they have been extensively used in various parts of the United States, and have given to patients and practitioners the highest degree of satisfaction in the various diseases in which they have been extended; what few in town, country, hospital or private practice they have invariably given the most decided and unquestionable satisfaction, and produced the most astonishing and beneficial effects. Numerous letters have been received from the most distinguished physicians in the country, and from the professors of several medical colleges, recommending in the highest terms the value of these medicines and their superiority over all other preparations for such complaints in the properties for recommends. Numerous preparations of Sarsaparilla and Buchu, and various kinds of preparations have been given, all of which of course will differ according to the mode of preparation which each individual may adopt.

These medicines require consider the care in their preparation, and the employment of different menstrua in successive operations, to take up the extractive matters, and in consequence, are most frequently improperly made, and not unfrequently much impaired, if not rendered totally inert, by the injudicious and unskillful management of those unfamiliar with pharmaceutical preparations. It is, therefore, of the highest consideration and importance to the public, and to the faculty, that there should be standard preparations of uniform strength and possessing the most advantages. To effect this, and obviate the evil alluded to, have made a number of experiments to ascertain the most effectual mode of extracting the virtues of the Sarsaparilla and the Buchu, and to discover the most eligible form for their exhibition. The experiments have resulted most favorably, and it is with much pleasure I now offer to the public and the faculty my Compound Fluid Extracts, which contain all the virtues of the articles they are represented to be made from in a highly concentrated form, and are the most active preparations which can be made. Two tablespoonfuls of the Extract Sarsaparilla added to a pint of water is equal to the Lisbon diet drink, and one bottle fully equal a gallon of the common Sarsaparilla or decoction, as usually made.

AYER'S Cathartic Pills

(SUGAR COATED,)

ARE MADE TO

CLEANSE THE BLOOD AND CURE THE SICK

Invalids, Fathers, Mothers, Physicians, Philanthropists, read their Effects and judge of their Virtues.

FOR THE CURE OF

Headache, Sick Headache, Foul Stomach,

PITTSBURG, PA., May 1, 1856.

DR. J. C. AYER: Sir: I have been repeatedly cured of the worst headache any body can have by a dose or two of your Pills. It seems to arise from a foul stomach, which they cleanse at once. If they will cure others as they do me, the fact is worth knowing.

Yours with great respect, ED. W. PRIBLE, *Clerk of Steamer Charlon.*

Bilious Disorders and Liver Complaints.

DEPARTMENT OF THE INTERIOR, WASHINGTON, D. C., Feb. 19, 1856.

DR. AYER: I have used your Pills in my general and hospital practice ever since you made them, and cannot but say they are the best cathartic we employ. Their regulating action on the liver is quick and decided, consequently they are an admirable remedy for derangements of that organ. Indeed, I have seldom found a case of bilious disease so obstinate that it did not readily yield to them.

Fraternally yours, ALONZO BALL, M. D., *Physician of the Marine Hospital.*

Dysentery, Relax, and Worms.

POST OFFICE, HARTLAND, LIV. CO., MICH., Nov. 16, 1855.

DR. AYER: Your Pills are the perfection of purgatives. They have done my wife more good than I can tell you. She had been sick and pining away for months. We got off to be doctored at great expense, but got no better. She then commenced taking your Pills, which soon cured her, by expelling large quantities of worms (dead) from her body. They afterwards cured her and our two children of bloody dysentery. One of our neighbors had lost four of his children with the worms, and he says if he had known of your Pills, while others around us paid from five to twenty dollars doctor bills, and lost much time, without being cured or benefited, he would have saved the money, which is as much as good and honest pills can be purchased here.

GEO. J. GRIFFIN, *Justice of the Peace.*

Indigestion and Impurity of the Blood.

From Rev. J. V. Himes, Pastor of Advent Church, Boston.

DR. AYER: I have used your Pills with extraordinary success in my family and among those I am called to visit. They seem to be the very best cathartic for derangement of the digestive organs and impurity of the blood they are the best remedy I have ever known, and I can confidently recommend them to my friends.

Yours, J. V. HIMES.

DR. AYER: I am using your Cathartic Pills, and find them an excellent purgative to cleanse the stomach and purify the fountains of the blood.

JOHN G. MEACHAM, M. D.

Erysipelas, Scrofula, King's Evil, Tetter, Tumors, and Salt Rheum.

From the Best Medical Merchant of St. Louis, Feb. 4, 1856.

DR. AYER: Your Pills are the paragon of all that great in medicine. They have cured my little daughter of ulcerous sores upon her hands and feet that had proved incurable for years. Her mother has been long afflicted with blotches and pimples on her face and her hair. After our child was cured, she asserted that your Pills and they have cured her.

ASA MORRIS, M. D.

Rheumatism, Neuralgia, and Gout.

From the Rev. Jos. Lincoln, of the Methodist Book Church.

NEW YORK, 1 Sept. Savannah, Ga., Jan. 6, 1856.

Honored Sir: I should be ungrateful for the relief your skill has brought me if I did not report my case to you. A cold settled in my limbs and brought on excruciating neuralgic pains, which entirely disabled me from walking. Notwithstanding I had the best of physicians, the disease grew worse and worse, until, by the advice of your excellent agent in Baltimore, Dr. Mackenzie, I tried your Pills. Three boxes cured me, and by persevering in the use of them I am now entirely well.

SIMON CAMERON, BARON RECEIVER, Ill., 5 Dec., 1855.

DR. AYER: I have been painfully cured by your Pills of Rheumatic Gout—a painful disease that has afflicted me for years.

VINCENT SLIDELL.

For Dropsy, Plethora, or kindred Complaints, requiring an active purge, they are an excellent remedy.

For Costiveness or Constipation, and as a Dinner Pill, they are agreeable and effectual.

Fits, Suppression, Paralysis, Inflammation, and such Deafness, and Partial Blindness, have been cured by the alterative action of these Pills.

Most of the pills in market contain Mercury, which, although a valuable remedy in skillful hands, is not the proper thing in a public pill, from the dreadful consequences that frequently follow its injudicious use. These contain no mercury or mineral substance whatever.

AYER'S CHERRY PECTORAL

FOR THE RAPID CURE OF

COUGHS, COLDS, HOARSENESS, INFLUENZA, BRONCHITIS, WHOOPING COUGH, CROUP, ASTHMA, INCIPIENT CONSUMPTION,

and for the relief of those in the advanced stages of the disease.

We need not speak to the public of its virtues. Throughout every country and almost every hamlet in the American States, its wonderful cures of pulmonary complaints have made it generally known. Nay, few are the families in any civilized country on the continent without some personal experience of its efficacy, and fewer yet the communities in which there have not been some long-long trophy of its victory over the subtile and dangerous diseases of the throat and lungs. While it is the most powerful antidote yet known to man for the formidable and dangerous disease of the pulmonary organs, it is also the pleasantest and safest remedy that can be employed for infants and young persons. Parents should have it in store against the insidious enemy that steals upon them unprepared. We have abundant grounds to believe the Cherry Pectoral saves more lives by its timely interposition than, even it cures. Keep it by you, and have yourself and family where they are curable, you may feel that you need no thought will can matter the inscrutable darker that, fastening on the vitals, rate your life away.

All know the dreadful fatality of lung disorders, and as they know too, the virtues of this remedy, we need not attempt to assure them that it will cure, if cure be cure can be. We are no cost, no care, no pain to produce it the most perfect possible, and this art of those who rely on it the best agent which human skill can furnish for their cure.
